

Matthew and Rosanna

Matthew and Rosanna. A true love story.

Hello...

We are Matthew and Rosanna. Our children Cedrik and Kaylene joined our family through the miracle of adoption. We would love to add another child to our family.

We want to thank you from the bottom of our hearts.....

We truly appreciate the strength and courage that it must take for you to get to this place and we want to do anything that we can to help in making this a positive journey for you. We hope that by reading about us you will get an idea of who we are and the type of life that your precious child would have if you were to entrust us with their care.

We have been married for 14 years and we have adopted our son Cedrik aged 8 and our daughter Kaylene aged 5.

We are practicing Christians and active members of a large and supportive Amish community. Church and fellowship is an important part of ours and our children's lives and we have a loyal group of friends and fellow parishioners that are walking with us in our adoption journey.

If we have to sum it up in one word, we are promising your baby love. We believe love is what makes a family. We will share our love in both our actions and our words. As parents, we promise to raise your baby with kindness, respect, and lots of hugs and kisses while supporting them to achieve their dreams. We can promise that your selfless choice now will ensure a lifetime of love, from all of us, for you and your child!

Poodle

Matthew co-owns a storage shed company. Being an owner allows him to have a flexible schedule so that he is able to be active in our children's lives.

Living on a farm allows us to raise our own beef. Kaylene raises and sells bunnies and Cedrik is quite the horseman, he trained his own pony and is working on training another. We also have chickens and we love to see the baby chicks hatch in the Spring.
